Playmat with Cards & Dice Template

Gather your friends and family to have fun bonding over a game. This jumbo playmat also doubles up as a picnic mat too!

Play Scene Board Book

Encourage your child to role play using the finger puppets and play scene board book, or better still, create his/her own stories!

5 Finger Puppets

Storytelling can be used to create a great bonding session between the parent and the child. Encourage your child to make use of the finger puppets and watch as his/her imagination comes to life!

Acrylic Paint Pack & Canvas Board

Nurture creative minds by letting your little one create his/her very own masterpieces of art. Let your child explore the different colours and encourage him/her to use recyclable materials to give the masterpiece depth and dimension! Hang the work of art at home or gift it to a loved one. Paint away!
